Frequently Asked Questions

Northfield Campus Courses

Introduction to Business • Web & Multimedia Development 1

BUSINESS EDUCATION AT NORTHFIELD

Are the Business Education courses at Northfield year long classes?

Yes, all of the elective courses at the Northfield campus are year long courses.

Are these courses prerequisites to any advanced Business courses?

In the Business Department there are no prerequisites or sequences (except for Web & Multimedia Development 1 that precedes Web & Multimedia Development 2). So a student can take any combination of courses.

Do these classes offer any college credits?

There are no college credits connected to Introduction to Business or Web & Multimedia Development classes.

Are these classes available at the Winnetka campus?

Yes, both Introduction to Business and Web & Multimedia Development 1 are both offered at the Winnetka campus.

INTRODUCTION TO BUSINESS

How much homework is given in Introduction to Business?

There is NO homework in Introduction to Business- it is exploratory in nature. We want you to come in, ask questions and participate and have fun!

Will there be tests, quizzes, or papers?

Typically, there are no tests, quizzes, or papers. There is group work and individual work but it is all completed in class.

Do you learn about the stock market in Introduction to Business?

Yes, In our Investing unit, we learn some basics of investing, primarily focused on stocks: dividends, EPS, P/E Ratio. We also play a stock market game. As part of our daily lesson, we also take a look at how the stock market is performing and current events.

WEB & MULTIMEDIA DEVELOPMENT 1

What kinds of things do you do in Web & Multimedia Development?

In Web & Multimedia Development 1, you learn how to design and build webpages using HTML, FTP, PHP, CSS. Adobe Photoshop is also taught in this course. Throughout the class, students learn to use these tools through a variety of activities and projects.

Can I expect to have homework in Web & Multimedia Development 1 or take a quiz/test?

There is generally no homework, quizzes, or tests in this course. Students can expect to dig into the course's hands-on activities in-class.

Does Web & Multimedia Development 1 fulfill the California art requirement?

No. Please refer to the NTHS Program of Studies to see which courses fulfill this requirement.
