Intent

What is the basic idea, or concept of your dance? Think this through; it is very important. Write more than a sentence or two. You may write on the back of this page. Your idea may evolve once you start working on it, but the more you have given thought to this process, the richer the dance is likely to be. It is important to be able to articulate your idea to others.

Ideal number of dancers: _____

Do you envision any special technical, or production needs?

Have you taken Dance Lab?

Is there accompaniment that you have considered using? If so, please give title and describe it:

List any dances that you have choreographed for the following venues:

Dance Day

Dance Theater New Trier

Northfield Dance Ensemble
