

The Adviser System

Adviser rooms are made up of approximately 25 students and they meet daily. The adviser room stays together for four years. Adviser rooms are designed for students of all ability levels, with varied interests and from different communities.

The compilation of adviser rooms is a complex process. Great time and care is spent to create a diverse profile within each group. *We do not* honor requests for a specific adviser or to have your child placed with a specific student. However, if you have a concern about your child being placed with another student and would like to request for your child to be separated from that student, please do the following:

- Submit an email or written request to the appropriate adviser chair with your request:
 - Freshman Girls Adviser Chair: Sue Ellen Haak haaks@nthsh.net
 - Freshman Boys Adviser Chair: Mark Howard howardm@nthsh.net
- Include your child's name, the sender school that they attend, the name of the other student and their sender school, and a concise reason for the separation request. Please limit this request to up to three students.
- These requests must be received by May 1, 2020.
