

We are happy to offer options to add money to your student's account online through our New Trier Quest Food Management Services' Web Store! Parents can make payments online from their home or work computer, any time of the day. If your child's lunch account balance is low, it takes just a few minutes to make an online payment using Discover, VISA, or MasterCard (credit/debit). You may also pay online using an E-Check. **Please note that payments take up to 24 hours to show up on your student's account so plan accordingly.** Payments will be processed on a secure site, powered by RevTrak.

Visit [newtrierfood.revtrak.net](http://newtrierfood.revtrak.net) to learn more about our online payment processor. All new users must create a login and password (sign in as a New Customer).

To receive **Low Balance Alert Emails**, login to your Revtrak account and go to My Account > Low Balance Email. You can also find current student balances when you log in to your account and enter your student's name and ID number. Now offering auto-replenish for your lunch account. Login into your Quest Lunch account to find out more.

Please note that you are unable to see an itemized report of what your student is purchasing. If you would like this information or have any questions, please contact Pia Fazio at [faziop@newtrier.k12.il.us](mailto:faziop@newtrier.k12.il.us)

## Food Allergens

The top eight allergens in each food item will be visibly listed on each menu for students as they decide on their meal purchases. Visible icons will consistently inform students when and if a food item contains one of these eight allergens.

Nutrition Information is also available for Specials at [www.QuestfmsNutrition.com](http://www.QuestfmsNutrition.com)

### Student Cafe

## Our Food Philosophy

- Writing menus that feature seasonal and regionally available ingredients.
- Sourcing from local farmers and small producers, and by participating in year-round, community sourced agriculture (CSA) programs.
- Offering a variety of vegetarian, vegan, and gluten-free options.
- Purchasing a sustainable seafood that follows the Marine Stewardship Council's guidelines and recommendations.
- Sourcing milk that is local and free of added growth hormones.
- Offering a variety of whole grain breads, pastas, and cereals.
- Using trans-fat free oils, including non-GMO soy oil, that are produced in a green facility in Michigan.
- Never using MSG.
- Offering organic, shade grown, fair trade,
  - and rainforest alliance coffees and teas.
- Accommodating nutritional and dietary requests.
- Serve produce that is fresh, fresh frozen or packed in 100% juice or water.
- Only serve proteins that are USDA certified
