

Dear New Trier Families,

We are looking forward to welcoming you to our upcoming [Virtual Parent-Teacher Conferences](#) on November 25 and 26. As a reminder, registration closes on November 21 at 3:00 P.M. **There will be no school for students November 25 - 29.**

The 5-minute conferences serve as an excellent introduction between parents and teachers, offering an opportunity to meet one another. Parent-teacher conferences are designed to give you insight into your students' strengths and areas for improvement. Teachers will provide information about the curriculum and their approach to supporting your student's learning. Working together, we can ensure that each student is on a path toward personal growth and academic success.

A key benefit of these meetings is building strong relationships between students and teachers and teachers and parents. Establishing trust and rapport allows us to work together more effectively to support your student's education. Please see the [Parent Partnerships - Building Student Advocacy](#) document, which shares best practices for effective communication and partnerships to support students.

We truly value our partnership with parents, and together we can help your student achieve greater success, both academically and personally.

Thank you,

Denise Dubravec

Principal/Assistant Superintendent, Winnetka Campus

Paul Waechtler

Principal, Northfield Campus
