## IMPORTANT INFO

April was a great month for us! The ELS Program Prep Living classes used New Trier Innovation Hub to practice collaboration, problem solving, and exploration of sensory items/alternative seating. The students did a great job working together. See pictures above!

### CURRICULAR FOCUS

May is all about self determination. We will be encouraging students to introduce themselves to new people, identify strengths and weaknesses, and practice advocating/asking for help.

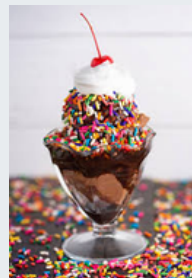

### ICE CREAM SOCIAL

Please bring your family to our end of the year ice cream social! We are looking forward to an opportunity to connect and celebrate the year. Please RSVP at this [LINK](#) so we know how much ice cream to buy!

### CHICAGO DOGS GAME

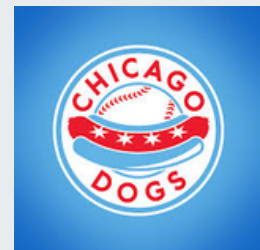

May 13 is education day at The Chicago Dogs Game! We had so much fun last year we are attending again! The cost is \$16 and includes a sack lunch. Send this in ASAP! Please send extra money if your student wants to buy something from concessions! Also, bags are allowed, so please send your son/daughter with sunscreen and a water bottle!

## IMPORTANT INFO CONT'D

RSVP For the end of the year social!

Chicago Dogs Game!!
