

Dear Junior Parents and Guardians,

The winter session of the after-school ACT & SAT preparation course taught by New Trier faculty members in the English, mathematics, and science departments will begin in early January. The class is held 3:45 pm - 4:45 pm Monday through Thursday. The attached calendar shows the exact dates and class schedule. The course includes sixteen hours of in-person instruction to prepare students for the ACT and SAT exams. Our program also includes three (3) full-length practice exams to acquaint students with the test format and pacing, these tests gauge improvement during the program.

We provide all materials, in-depth teacher instruction, guided practice with test-taking strategies, and detailed score reports from the three practice exams. Instruction will be after school every day at the Winnetka Campus (see attached calendar). Students are grouped with their peers based on their current math and English classes at New Trier in order to provide targeted instruction tailored to their current coursework.

The fee is \$400 and online registration is completed [HERE](#). **Enrollment is limited to 75 students and will be filled on a first-come, first-served basis. Registration opens at 7:00 pm on Thursday, December 8, 2022.**
