

Dear Parents/Guardians,

As artificial intelligence becomes more integrated into our everyday lives, I am excited to invite New Trier parents to join Assistant Superintendent Peter Tragos, Chief Technology Officer Michael Marassa and Instructional Technology Manager Jacqui Pritchard over Zoom on **Monday, March 4th at 6:30-7:30 p.m.** for an informative discussion addressing how New Trier is utilizing emerging technology to prepare the next generation of students.

The banner features a dark blue background with a subtle circuit pattern. On the left, the text reads "NTPA Parent University presents" in a small font, followed by "Emerging Technology" in a large, white, serif font. Below this, in a smaller white font, is "Generative Artificial Intelligence (AI) and Preparing the Next Generation of New Trier Students". On the right side of the banner is the New Trier Parent logo, which consists of a shield with a green "U" in the center, flanked by green laurel branches, and the words "NEW TRIER PARENT" above it. In the center of the banner, a white rounded rectangle contains the text: "MONDAY, MARCH 4, 2024", "6:30-7:30 p.m.", and "ZOOM".

NTPA Parent University presents

Emerging Technology

Generative Artificial Intelligence (AI)
and Preparing the Next Generation
of New Trier Students

MONDAY, MARCH 4, 2024
6:30-7:30 p.m.
