

Dear Parents/Guardians of Juniors,

There are still openings available in upcoming sessions of both the IN-PERSON and ONLINE New Trier Test Prep Classes. Please click on [THIS LINK](#) to register your child and see the original email below for more information about the courses.

Original Email

Dear Junior Parents and Guardians,

The winter sessions of the after-school ACT & SAT preparation course taught by New Trier faculty members in the English, mathematics, and science departments will begin in mid-January. We will be offering two variations of the class. Both versions of the course include textbooks and practice tests, in-depth instruction by New Trier faculty members, guided practice with test-taking strategies, and detailed score reports from three, full-length practice exams. These courses prepare students with strategies and materials that will prepare them for both the ACT & the new digital format of the SAT.

In-Person Class:

Instruction will be after school, Mondays through Thursdays at the Winnetka Campus. The attached calendar below shows the exact schedule. The course includes sixteen hours of in-person instruction, divided among four subject areas: English, reading, math, and science. Students are grouped with their peers based on their current math and English classes at New Trier in order to provide targeted instruction aligned with their current curriculum. The fee is \$425 and enrollment is limited to 100 students.

Online Class:

We are also offering an [online evening session](#) of the class again this winter. Classes will be held entirely online and practice tests will be taken on students' own schedules from home (see attached calendar below for details). Classes meet Tuesday and Wednesday nights from 7:00-8:30PM online. Like the in-person class, students receive instruction from New Trier math, science, and English teachers. The three official practice tests will be taken by students online at home and self-paced. Students use the same texts and practice tests as the in-person class. This course is a great option either for students with busy schedules or those who are more self-motivated. The fee for the online session is \$475 and enrollment is limited to 50 students.

Registration for this session will be handled through RevTrak on a first-come first-served basis. Registration will open at 7:00PM on Wednesday, December 6. Use [THIS LINK](#) to register for both the online and in-person options. In order to register successfully, you will need to have your child's student ID number, the name of their adviser, and the name and number of the current math and English courses in which they are enrolled at New Trier. Registration typically fills up extremely quickly, so plan to be online at 7:00PM if you want to secure a spot. If you do not get a spot and would like to be added to the waiting list, please email the coordinators below.

For additional information about the New Trier ACT & SAT preparation course, please contact program coordinators Kevin Bond (bondk@nth.snet.edu) or Eric Berliant (berliane@nth.snet.edu).
